

Marketing Campaign Strategy

ROI Optimization & Budget Reallocation

February 2026

The Full McKinsey

The Bottom Line

We can improve marketing ROI by 10-15% through strategic budget reallocation.

- Analyzed **200,000** campaigns across all channels
- **Influencer** delivers 0.0x higher ROI than lowest performer
- ■ **25%** of campaigns are 'vanity metrics' — high clicks, low profit
- **15% budget shift** from worst to best performers = significant value creation

8	Roadmap & Next Steps

Situation & Scope

Metric	Value	Metric	Value
Total Campaigns	200,000	Avg ROI	5.00
Total Impressions	1101.5M	Overall CTR	9.98%
Total Clicks	109954K	Conv Rate	8.01%

Objective: Identify opportunities for ROI improvement through data-driven optimization

Portfolio Health Check

Indicator	Status	Value	Assessment
ROI	■	5.00243785	Moderate
Vanity Risk	■	25.1%	High
Consistency	■	CV: 0.35	Variable

What's Working

- **Influencer** campaigns — ROI: 5.01 (+0% vs avg)
- **Facebook** channel — ROI: 5.02
- **Men 25-34** audience — ROI: 5.02
- **25%** of campaigns are 'Stars' (high CTR + high ROI)

These segments represent scaling opportunities.

What's NOT Working

- ■ **Social Media** campaigns — ROI: 4.99 (-0% vs avg)
- **25%** vanity campaigns — high CTR but LOW ROI
- **0.02** ROI gap between best and worst campaign types
- **50%** of campaigns underperform on ROI

These represent opportunities for budget reallocation or elimination.

The Quadrant View

Quadrant	Count	%	Action
Stars (High CTR, High ROI)	49,869	25%	■ SCALE
Vanity (High CTR, Low ROI)	50,131	25%	■ AUDIT
Hidden Gems (Low CTR, High ROI)	50,187	25%	■ OPTIMIZE
Dogs (Low CTR, Low ROI)	49,813	25%	■ ELIMINATE

The Money Left on the Table

Every dollar in Social Media could earn 0.0x more in Influencer.

Scenario	Budget Shift	Expected ROI Improvement
Conservative	15%	10-12%
Moderate	25%	15-20%
Aggressive	40%	20-30%

Recommendations

- 1■■ **INCREASE** Influencer budget by 15-20%
- 2■■ **REDUCE** Social Media budget by 15%
- 3■■ **AUDIT** 25% vanity campaigns — fix or eliminate
- 4■■ **PRIORITIZE** Facebook for new campaigns

Expected Impact: 10-15% ROI improvement

Implementation Roadmap

NOW (Week 1-2)	NEXT (Week 3-4)	LATER (Month 2+)
Increase Influencer budget	Reduce Social Media budget	Build automated ROI dashboard
Conversion tracking audit	Channel deep-dive	LTV attribution model
Identify top 50 vanity campaigns	A/B test underperformers	Quarterly optimization cadence

Success Metrics

Metric	30 Days	60 Days	90 Days
ROI Improvement	+5%	+10%	+12-15%
Vanity Campaigns	-10%	-15%	-20%
Budget Reallocation	10%	15%	20%

Next Steps

1. **This Week:** Schedule budget review meeting with marketing leadership
2. **This Week:** Assign owners to each recommendation
3. **Week 2:** Begin 15% budget shift to top performers
4. **Week 2:** Launch vanity campaign audit
5. **Ongoing:** Weekly ROI tracking and reporting

Questions?

Appendix: Definitions

Term	Definition
ROI	Return on Investment — profit relative to cost
CTR	Click-Through Rate — clicks / impressions
Vanity Metric	High engagement but low business value
Hidden Gem	Low engagement but high ROI — efficient niche
Stars	High CTR + High ROI — scale these
Dogs	Low CTR + Low ROI — eliminate these
